

# Nosework Games Day at 4rk9s!

**REGISTRATION OPENS AT 11 A.M. ON THURSDAY, MAY 23, 2019**

4rk9s Dog Training Club (910 2nd Ave. SW, Cedar Rapids, Iowa) invites you to join us on Sunday, June 16, for Nosework games fun!

## **General information:**

Odors used in the games will be Birch, Anise and Clove. The games will not be appropriate for beginning nosework dogs but will be appropriate for dogs trialing at the intermediate or above levels in the various nosework venues. Some hides may be inaccessible or high.

Games will include a speed search game; a “can’t go back” game, where you can’t return to an area you have cleared without losing points; and an AKC Detective class type search but with no limit on the number of hides. There may be opportunities for both individual and team searches.

There will be 2 sessions -- morning and afternoon (see details below for times, registration and payment). The same 3 games will be offered at each session, so you can enter only one dog (otherwise, you'll know where the hides are if you ran a second dog -- sorry, folks with multiple dogs, you'll have to choose which dog to play with). Johnnette Ulch and Diana Pesek will be your hosts, setting the hides and scoring your searches.

Dogs will be crated from cars, unless the weather is extremely hot and dangerous for outside crating. Indoor restrooms will be available most of the time. The parking lot will have room for pop-up tents. All games searches will be interior/container searches indoors (no exteriors or vehicles).
